At your request, we will provide an ATM/Debit Card linked to one primary Gateway ATM Rebate Checking account designated by you that can be used to make unlimited number of ATM cash withdrawals or point-of-sale transactions (worldwide) at no charge by us.

We will rebate the ATM access fees assessed against your account by the ATM service provider.

From everyday needs to international travel, use any ATM with your Gateway Debit Card.

You can use your ATM/Debit Card to withdraw cash, perform an inquiry and transfer funds between your checking and money market accounts at any ATM. You may be charged a fee by the ATM operator or any network used. Foreign currency conversion and other usage fees vary by country and network and are not included in the rebated ATM access fees. We rely on data received from Visa and ATM operators to accurately calculate ATM access fees, excluding foreign currency conversion and other usage fees not subject to rebate. Domestic and foreign country ATM access fees are, in general, rebated at the end of the monthly statement cycle and circumstantially by no later than the following statement cycle. If you believe you did not receive the full ATM access fee rebate, contact your banker or visit your local Gateway Bank branch.

Minimum opening deposit: \$100. **Monthly service charge:** \$25 when the minimum monthly average balance for your account falls below **\$5,000**. The monthly average balance during your statement period will be used to determine whether or not you will be charged monthly service fees. The monthly average balance is calculated by adding the principal in the account for each day and dividing that figure by the number of days in the statement period. Any fees will appear as a charge on the last business day of your monthly statement. You may write an unlimited number of checks on this account per monthly cycle. Other fees: Accounts closed at less than 90 days: \$30. Refer to the Schedule of Fees and Charges for account-related fees.
